TWL Signs Gloucester Rugby Club and others

The Weather Lottery Plc (Ticker symbol; TWL) is pleased to announce that it has signed contracts with one of the largest Rugby Clubs in the country - Gloucester Rugby Club

Gloucester Rugby was founded in 1873 and is therefore one of the oldest clubs in modern day rugby. They are also one of the biggest.

In the Guinness Premiership Gloucester are currently flying high and are also about to embark on their Heineken European Cup campaign.

Gloucester is famous worldwide as one of the best rugby clubs in Britain. Their stadium, Kingsholm, is renowned for the 'Shed,' a stand which contains some of the most passionate die-hard supporters (and loudest) in the league

Gloucester has a spectacular community department which works with schools, colleges, clubs and groups to help bring rugby and personal fitness to children all over the county. Much of what is gained from the charity will be given to this department to aid them in their efforts.

Speaking today, Keith Milhench CEO of The Weather Lottery Plc explained: 'to be associated with such a prestigious Club as Gloucester is very pleasing indeed. The commercial department at Kingsholm recognised the benefits of joining the many other Rugby clubs who have gained income from The Weather Lottery. The Gloucester Rugby Lottery will be launched alongside the new play online system shortly.
